1. Approval Updates

- The Wetland Permit has been approved, and the permit has been received.
- The Site Plan has several clerical comments from the Health Department and may be resubmitted for approval without returning to TAC.

2. General Updates

- Program and open space funding is currently available for implementation of the overlooks.
- Meadow seeding will be underway; however, the mowing regimen should be improved.
- The house HVAC system requires an update.
- Shade trees should be included in the bid documents.
- Mowing responsibilities are being discussed and may become the obligation of the house tenant.
- Bollards are required at the existing trail leading to the interpretive panels.
- The trash can should be relocated to a location off the trail.
